

The Paducah Evening Sun

VOL. XXIV NO. 15

PADUCAH, KY., FRIDAY EVENING, JULY 17, 1908

TEN CENTS PER WEEK

BLACKLIST AND BOYCOTTS BOTH ARE CONDEMNED

Justice Brewer Annals What
He Considers Infringement
on Liberty.

He Declares Golden Rule is
Foundation of Social Life.

ADDRESSES INSURANCE MEN

Milwaukee, July 17.—That the blacklist and boycott are alike and equally damnable, was the sentiment expressed by Justice David J. Brewer, in the United States supreme court in an address before the agents of the Northwestern Mutual Life Insurance company of this city, this afternoon. Underlying the religious life of the world, social and political, the justice said, may be placed two foundation stones. The foundation upon which the various religious classes can meet and work together is the golden rule. The foundation upon which all government of and by and for the people must rest, is our declaration of independence.

He believed that this government will only surely endure as we held fast to these principles laid down in that document. There are certain inalienable rights which each individual has, not to say certain majorities, he said. The only thing we have to fear is that the majorities will get together and crush out the independence of individuals. He cautioned his hearers to preserve the individual imperishable.

There was nothing more wholesome than a collection of laborers, he said, but that when any body of laborers say, "You must join this organization or you can't be permitted to work any where," that organization "is an enemy of personal liberty" and that such conduct is disgraceful.

"The truth is, the blacklist and boycott, the use of which prevents men from getting employment," he said, "are alike and equally damnable, and when practiced endanger the future and glory of the republic."

CLERK SO ENTERTAINING
DID NOT FEEL MONEY GO.

Two small boys are supposed to have stolen several dollars in change from the pockets of a customer, who was trying on a suit of clothes at a clothing store this morning. The police are working on the case and think they know the guilty parties.

CIVIL SERVICE EXAMS
CALLED BY COMMISSION.

The following civil service examinations have been called:

Stenographer-Typewriter, all services (held at Cincinnati, Ohio, only) July 27; Title Sector (Hale) \$720 per annum, July 29; Chief Engineer, class 3, Coast and Geodetic Survey, Philippine Islands, \$1115 per month, Aug. 3; Surveyor of Mineral Deposits, \$1500 per annum and expenses, Aug. 5; Chief, Government Hospital for Insane (Hale) \$1200 per annum with maintenance, Aug. 12; Assistant, Naval Observatory, \$1400 per annum, Aug. 12-13; Chemist, \$2400 per annum (ten years' laboratory experience required) Aug. 19-20; Engineer in Wood Preservation (Hale) \$1000 per annum, Sept. 2.

These examinations may be taken at: Bloomington, Indiana; Cincinnati, Ohio; Cleveland, Ohio; Columbus, Ohio; Evansville, Indiana; Fort Wayne, Indiana; Indianapolis, Indiana; Ironton, Ohio; Lafayette, Ind.; Lexington, Ky.; Louisville, Ky.; Paducah, Ky.; Toledo, Ohio; Zanesville, Ohio.

WEATHER.

RAIN

Thunder showers and cooler tonight; Saturday fair and cooler. Highest temperature yesterday, 95; lowest today, 78.

Postmaster Fisher Denies Story That He Sought or Was Offered the Post of First Assistant to P. M. G.

East is Safely For Taft and
Vigorous Fight Will be
Waged by Republicans in
Western States and Ky.

Postmaster F. M. Fisher has returned from Washington, where he spent several days, on a mission in connection with the business of his office; and Louisville, where he attended the meeting of the Republican state committee. Mr. Fisher took pains the first thing on his arrival to deny the statement that he has been offered the position of first assistant postmaster general in the event of Mr. Taft's election.

"My friends have spoken to me about such a promotion to Washington," said Mr. Fisher, "and I am told the subject has been broached to Mr. Hitchcock, though without my knowledge. That is the way the story got into the newspapers, I presume. Of course, such a thing was not discussed by myself and Mr. Hitchcock during my stay in Washington. Mr. Hitchcock is busily engaged just now in preparing to organize the fight for the election of Mr. Taft, and not parceling out offices under Mr. Taft's administration; and my business at Washington was in connection with this office. I haven't asked for any office of any kind."

"In the east Taft's election is considered certain, and I should not be surprised if Mr. Hitchcock would spend much time in the Chicago headquarters. Certainly activities indicate that the east is considered safe for Taft and the real fight is to be waged in the west, where Mr. Bryan's friends admit he will have to change thirteen states, including such safely Republican states as Ohio and Illinois."

"Kentucky will go for Taft, though

the fighting here will be vigorous, I apprehend. The chances of carrying states south of the river are regarded in Washington as good in the following order: Maryland, Kentucky, Tennessee, Missouri and Georgia, and there will be a lively sort of scrap in North Carolina this time. I can see nothing to prevent Taft's election. "I am not a candidate," said Mr. Fisher, "for state campaign chairman in spite of my friends' urging. They were kind enough to think I could best amalgamate all elements, but I thought best to decline."

Cable Powers on Platform.

Cable Powers will deliver an address at the Jeffersonville and New Albany Chautauqua on the night of August 1, the engagement having been made with him after an interesting chase on the part of the Chautauqua officers. When finally located he was resting in the mountains of Pennsylvania, where he was registered under the name of John W. Christian. He explained that he took an assumed name for the purpose of avoiding the curiosity inclined natives. His subject will be: "Truth on the Scaffold and Wrong on the Throne."

Ship Load of Pilgrims.

New York, July 17.—A contingent of Catholic pilgrims 200 strong left this port on the Cunard liner Carpathia, bound for Rome and a grand tour of Europe. The pilgrims represent many parts of the United States and Canada. The Rev. James H. McGean, of St. Peter's church, this city, is the spiritual director of the pilgrim age. After stops at Gibraltar, Naples and other points of interest the party will reach Rome about the middle of August. An audience with the pope has been promised the pilgrims. After a week in the Eternal City the pilgrims will travel through France, Belgium and Holland, finishing in England and Ireland.

Custom House Will be Handsome.

Proud as Paducahans already are of their handsome custom house, they will be more so when the \$15,000 appropriation has been spent on remodeling the interior and other improvements planned by the government architects at Washington, whom Postmaster Frank M. Fisher saw and hurried up on his visit last week. New marble wainscoting will be installed in the lobby, with new hardwood partitions and fine new lock boxes for private mail. Some of the new interior built when the addition was made several years ago, will be replaced and the building will be frescoed and painted inside and out.

Revolving doors at the entrance will give it a metropolitan touch and expanding and contracting steel frame doors will be placed in the halls, to be pulled open at night to prevent intrusion by the public in private sections of the building. Broadway will be made the main front of the building when the new portico is added at the door nearest to the Fraternity building. It will be identical with the other doors, with broad steps leading up to the door. The iron fence will be taken down and a stone coping placed around the lot. With the fine D. A. R. monument in the corner, the custom house will be a striking picture. Paducah gets most everything asked for, because of the postoffice's fine record.

JUDGE PARK PAYS HIS CITY LICENSE BUT WILL CONTEST

Judge D. G. Park has paid his city license tax under Judge Cross' decision that the ordinance is valid, but says he will continue the contest against the ordinance into the circuit court. He says the city has a right to collect a license from the lawyers as a class, but has no power or authority to pass or enforce an ordinance requiring one lawyer practicing alone to pay as much as two or three or more practicing in a firm.

He says the city attorney and city judge are all gentlemen of legal learning and attainments, but he thinks they are wrong on this purely legal question and while he pays the tax under protest, he will test the question through the higher courts.

BURGLAR IN HOUSE

A bold attempt to rob the residence of Mrs. Reuben Rowland, 725 Broadway, was made last night while the family was sitting on the front porch. It just happened that Mrs. Rowland had to go in the house for something and frightened the would-be robber away. A big colored man climbed in a window at the side of the house and was standing in the room when Mrs. Rowland entered. He lost no time in taking a jack-knife through the window and a "sneak" down the alley. A number of citizens of that neighborhood heard the commotion and saw the negro run down the alley, but before they could find out what was wrong he had made his escape.

ENGLISH METHOD OF SCORING WILL PREVENT AWARDS

London, July 17.—Because of the criticism of its method of scoring, the British Olympic association has decided not to award the championship in the present games. The English system is to score one point for first places only, including all kinds of athletics, gymnastics, tennis, swimming, etc. Under this method Americans have no chance. Many objections are raised, so the championship award is abolished.

English team defeated the Americans in the tug of war.

WEBSTER COUNTY WILL BE ORGANIZED BY UNION.

Webster county will be organized by the Farmers' Union on July 25, State Organizer R. L. Barnett having called a meeting for that purpose. Speech-making will occupy the forenoon and the organization will be effected in the afternoon. Mr. Barnett was expected back from Dawson today where he has been visiting for several weeks.

PRISONER ESCAPES

Kuttawa, Ky., July 17. (Special)—Will Davis, a Hart county prisoner, sent up last May for four years for forgery, escaped from the Eddyville penitentiary last night about 10:30 o'clock by scaling the wall. He had a ladder, and got aboard a train bound for Paducah. He is a machinist by trade and was doing some work in the yard. A reward of \$100 is offered for his capture.

TAFT RECEIVING ENCOURAGEMENT FROM DEMOCRATS

Maryland, Kentucky, Georgia
and North Carolina Consider
ed Fighting Ground.

Secretary Hitchcock Opens
Western Headquarters.

JAMES WILLIAMS IN CHARGE

Hot Springs, Va., July 17.—William H. Taft, it is announced, is receiving scores of letters daily from southern Democrats, predicting heavy Republican gains in Maryland, Kentucky, Georgia and North Carolina. Correspondents express the belief that Taft has a chance to carry those states. Taft is still busy on his acceptance speech.

Chicago Headquarters.

Chicago, Ill., July 17.—Chairman Hitchcock, of the Republican national committee, has arrived to locate his western headquarters. James T. Williams, Hitchcock's lieutenant, will be in charge.

Bryan Appeals to Farmers.

Lincoln, Neb., July 17.—Bryan gave out the appeal he and Kern made to the farmers. He cites the fact that an Iowa farmer gave the first contribution to the campaign fund. He asks other farmers for subscriptions. Bryan refused to discuss the cable from Hearst, attacking Democratic leaders. Leaders are planning to offset Hearst's attacks, however, by proclaiming Hearst's former campaign methods.

EXCURSION TO CHICAGO

Railroad news of more than ordinary interest to Paducahans, was contained in a telegram received by the city ticket office of the Illinois Central railroad this morning from Chicago, stating that the annual excursion would be given to Chicago on August 18 this year. No further information was given other than it would be either an eight or six day limit. This annual excursion, enjoyed usually by from 500 to 700 Paducahans, was not given last year, as the new Illinois two-cent fare had just become effective and the railroads were accommodating themselves to the changed conditions. The regular rate has been \$5 for the week's stay in Chicago and it is not known here whether any change will be made in the tickets this year, but presumably not, as the old rate had become so well known. As soon as the city ticket office gets full particulars they will be advertised, as many inquiries have been received.

SPAIN HOLDS CUBANS.

Porto Rico Governor Asked to Effect Prisoners' Release.

Washington, July 17.—Both Porto Rican and Cuban political prisoners are confined in the prison of Cienfuegos, a seaport town of Africa, belonging to Spain, for whose release Gov. Post of Porto Rico is reported to have received a petition. Some years ago the State Department made arrangements to have the Cubans liberated, but at that time, for some reason, Cuba was not ready to receive them. No doubt is felt at the department that Spain would liberate the men if requested.

U. S. Marines to Honduras.

Panama, July 17.—Lieut. Col. Coleman, commander of the American marines now here, today received orders from Washington to have 150 marines ready for immediate field service. It is believed they will be despatched to Honduras on the United States Cruiser Des Moines. The cruiser Albany, which left Sunday, carried 100 marines destined for Annapolis.

According to the reports the situation in Central America is becoming more complicated. It is stated that the movement in Honduras is aimed against President Zelaya of Nicaragua who is considered by his neighbors as a promoter of revolutions.

Chicago Market.

	July	High.	Low.	Close.
Wheat	91	90 1/2	90 1/2	90 1/2

Attorney J. K. Hendricks is sick at his home, 809 Broadway.

Freight Rates Advanced by Lines in Southeastern Agreement, But Eastern Lines Refuse to Adopt it

All Big Roads at Louisville
Meeting Will Advance From
Four to Ten Cents the Hun-
dred—Effective September 1

Louisville, Ky., July 17. (Special)—Advance in all freight rates in the Southeastern Freight association and commodity rates in the Southeastern Mississippi Valley association was the outcome of a conference of officers of all the southern roads here.

Advance is from four to ten cents a hundred horizontally, to correspond with advance recently decided by the Southwestern freight association. The claim is made that the increase is necessary to meet the increased expenses. Clerical forces of railroads involved are here and will be several days working out tariffs, which will be printed and submitted to the interstate commerce commission before August 1, growing effective September 1. New southwestern rates effective August 10. The decision met with the opposition of some officials in the conference. All the big lines in the territory were represented.

New York, July 17.—Heads of big eastern railroads have refused to advance rates. E. H. Harriman urged advances, but was defeated at an all-day conference in which the New York Central, Wash. Reading & Erie, Delaware & Hudson, Baltimore & Ohio, Delaware & Lackawanna, Pennsylvania and Lehigh were all represented and turned down Harriman's suggestion.

MR. A. G. HENDRICK IS VISITING HIS FATHER.

Mr. A. G. Hendrick, son of Hon. J. K. Hendrick, has arrived from Washington, D. C., for a two weeks' vacation. Mr. Hendrick is secretary to Senator Piles, of Washington, and after his vacation here, he will return to his position in the capital city.

THIEF LIKED COCO-COLA

The wholesale liquor house of George H. Goodman, on North Second street, was burglarized again last night, a few dollars in change being stolen from the cash register. Indications are that the robbery was committed by a small boy, who entered through a broken window pane in the rear of the building. A bottle of beer was opened at the bar, but the boy evidently did not like the taste of beer, so he left it and opened a bottle of Coca-Cola, which was emptied. If anything was stolen from the stock the proprietor did not miss it today.

HORSE THROWS MRS. J. E. BAKER AND SHE IS PICKED UP UNCONSCIOUS LATER

Former Paducah Lady Meets
With Serious Accident at
Eddyville.

Unconscious from a wound on the head caused by being thrown from a horse while riding from Eddyville to Kuttawa Springs, Mrs. J. E. Baker, of Jacksonville, Fla., formerly of Paducah, was found on the roadside by a traveling man several hours after the accident occurred.

Mrs. Baker has been spending the summer with her parents, Mr. and Mrs. J. K. Greer, on Fountain avenue, but left a few days ago to visit Mr. Baker's mother at Eddyville. Health has been uncertain and physicians advised horseback riding. Yesterday she started unaccompanied to the springs, expecting to return about 10 o'clock. When she did not return for several hours after that time, relatives at Eddyville became alarmed and started out in search of her. At a railroad crossing near the outskirts of Eddyville it was learned that Mrs. Baker had trouble with the horse she was riding, which became frightened at a passing train, and a short distance beyond the crossing they met a

GIRL PROSTRATED

Huntsville, Ala., July 17.—Beulah Carter, whose brother Irvin is having his preliminary hearing on the charge of killing her sweetheart, Thomas Bigby, collapsed because her mother admitted on the stand that she had confessed Bigby's death. The mother told how that a family council planned Bigby's death. The girl probably will not be able to testify.

DOCTORS FEELING DULL TIMES THIS SUMMER WEATHER

Less Sickness Than Many
Months, and Health Depart-
ment Continues Activity.

Physicians Declare Whole In-
dustrial Fabric Threatened.

ABOLISH BOARD OF HEALTH

Indignation meetings will be held by the medical fraternity in the city to take steps to abolish the board of health, and if the health officer does not quit his "perilous activity" the doctors may put the skids under him. That is the attitude they have toward all sanitary precautions now with the city in such a healthful state that they are going bankrupt.

Paducah never had so healthful a summer as this, in all its history. The doctors without a dissenting voice report less sickness than at any similar period within their memories, and it amounts to hard times with them. And right now the board of health and health officer are the most active to cut down weeds and make the city still more healthful, until the doctors jokingly grumble at the efforts being made to undermine their practice.

"Talk about a panic," said one doctor, who ordinarily has enough practice for three physicians, "a real case of sickness is more scarce now than a double eagle was last November when the cashier's checks were circulating. If you cut off the doctors' income he'll have to take the bankrupt law, and then his creditors will have to go into bankruptcy, and so on until the whole industrial fabric will go under. It's a gloomy situation for us, certainly."

But Mr. Salary-Earning-Man does not chime in with this view at all and looks upon the healthful situation as his greatest boon during the slack business conditions. Down in his heart the doctor rejoices over the fine summer health record of Paducah, for doctors without exception, are humanitarians and gladly take steps to prevent the diseases which they are called upon to cure.

ETHEL ROOSEVELT TO BE WHITE HOUSE DEBUTANTE

Washington, July 17.—Miss Ethel Roosevelt, who is now at Oyster Bay with her parents, will celebrate her seventeenth birthday next month by a small house party of girl friends. The president and Mrs. Roosevelt have decided to present her to society at an unusually youthful age for a debutante in order that she may be a white house bud. It is expected that she will make her bow to society at a ball in the east room, like her eldest sister, Mrs. Longworth, who was also presented at an early age.

Miss Ethel has several interesting friends who will be debutantes of the season with her. Her most intimate friend is Miss Cecilia May, younger daughter of Col. Henry May, of this city, and now abroad with her parents and sister.

RECEIVER FOR ANSON.

Former Baseball Light Was Sued For Rent on Billiard Establishment. Chicago, July 17.—A receiver was appointed for the billiard and bowling establishment of Adrian C. Anson, former captain of the Chicago National league baseball club.

The bankruptcy proceedings followed closely the beginning of the suit against Anson on behalf of Mrs. Charles P. Taft, of Cincinnati, who alleges that Anson owned her \$6,500 rent of the premises where he has been conducting his business.

In the proceedings a schedule of accounts due amounting to \$20,000 was filed by the creditors. They averred that the assets available for the liquidation of these debts total between \$7,000 and \$8,000.

Theaters Go to Princeton.

Several boys of Paducah have arranged to put on a vaudeville show in the Henietta opera house at Princeton next Wednesday, Thursday and Friday. Most of the young men have appeared on the stage in this city in amateur performances. Those taking part are: Less Walker and Eddy McCann, contortionists; Frank Voller, tramp comedian; Louis Mings and Roy Willard, double comedy sketch, and Osborn Walker, barrel jumper. Roy Willard went to Princeton today to complete the arrangements for putting on the show.

No Sunday School.

On account of the decorators being at work in the church, there will be no Sunday school at the First Presbyterian church until Sunday, August 9th. In the meantime the scholars can get their papers each Saturday by calling at 529 Broadway.
